

Celebrating 50 Years of KYCC: Planting Roots for a Greener Future

Share This Story, Choose Your Platform!

At CAM Property Services, community is at the heart of everything we do. We are committed to making a positive impact in the places where we live, work, and play, contributing our time, resources, and funding to organizations that create meaningful change. One such organization is the Koreatown Youth and Community Center (KYCC), which celebrates its 50th anniversary this year.

We are proud to honor KYCC's legacy of service, recognizing its powerful contributions to Los Angeles through youth development, family support, and transformative urban forestry programs. With CAM's CEO, David Herrera, serving on KYCC's Board of Directors, our team remains dedicated to building greener, healthier neighborhoods for generations to come.

KYCC: A Legacy of Service and Sustainability

Since its founding in 1975, KYCC has been a cornerstone of the Los Angeles community, providing essential resources for youth and families while championing environmental initiatives. Among its many achievements, KYCC's urban forestry program has planted over 12,000 trees throughout Los Angeles. These efforts extend far beyond beautification, they reduce air pollution, mitigate urban heat, and foster safer, healthier environments for all residents.

"KYCC's tree planting program is about more than just beautifying neighborhoods, it's about creating a healthier future for generations to come." - David Herrera, CEO, CAM Property Services

Partnering for a Better Future

CAM Property Services is proud to stand alongside KYCC in its mission to uplift communities and create lasting, positive change. Through his role on the Board of Directors, David Herrera helps guide KYCC's efforts to expand its reach and strengthen its impact across Los Angeles.

Get Involved

As KYCC celebrates 50 years of service, there are many ways you can make a difference. Join [upcoming events](#), [tree planting initiatives](#), or [making a donation](#) to support its mission.
